FOR IMMEDIATE RELEASE:

Hilliary Communications Expanding Workforce to Provide Service for New Acquisitions and Fiber to the Home Project

Lawton, OK – January 7th, 2019 – Hilliary Communications has new career openings across a variety of departments related to expanded infrastructure and services. After closing deals to in Electra, Tatum and Zapata (all in Texas) over the past three months, as well as a previously announced FTTH (Fiber to the Home), across Oklahoma, there are new positions available to maintain and expand our service levels for new and existing customers.
The FTTH project, which includes Chickasha, Anadarko, Verden and Ninnekah, is taking shape and the infrastructure should be completed by Fall of 2019.

Hilliary Communications purchased three telephone companies in Texas in 2018, completing the sales of two of those companies (Electra and Tatum) in December. Plant upgrades in those markets are already in the engineering and design stages for roll-out in Spring 2019.

These acquisitions and expanded services have created a need for increased staffing at Hilliary Communications. There are currently positions open in the accounting, sales and construction departments.

Working at Hilliary Communications offers a variety of exciting challenges and rewarding benefits. With competitive pay, health, dental and vision benefits, 401K, paid time off and the opportunity to grow and learn from the best in the field, working for Hilliary is a great way to gain experience and help a company with real local vision.

People interested in joining the Hilliary Communications team should visit www.hillcom.net/careers and send a resume to openings@hillcom.net.

Hilliary Communications: Hilliary Communications operates two ILEC properties in Oklahoma and a rapidly growing CLEC in Oklahoma. Hilliary proudly serves over 7,000 subscribers in Oklahoma and North Texas, operating in excess of 900 route miles of fiber providing transport services. At present, Hilliary Communications is deploying a new FTTH system to 8,000 new homes in Central Oklahoma.
